

MEMORANDUM

Student: [REDACTED]
Program: Nuclear Engineering and Management
From: Hossam Kishawy, Dean, Faculty of Engineering and Applied Science
Date: March 26, 2024
Subject: Graduation Notwithstanding a Deficiency

In accordance with Section 10.1 of the Graduation and Conferral of Degree Policy, the following item is brought to Academic Council for Information.

Due to exceptional circumstances, the Dean of the Faculty of Engineering and Applied Science, Dr. Hossam Kishawy, recommends to Academic Council that the above student receive their degree notwithstanding the fact that they have not completed all normal academic requirements.

Graduation Notwithstanding a Deficiency

10.1 In exceptional circumstances, a dean may recommend to Academic Council that an undergraduate student receive a Degree or other qualification notwithstanding the fact that the student has not completed all normal academic requirements.

In this instance, the Dean has approved a reduction of one course requirement based on curriculum changes to the program. Anticipated graduation is June 2024.

Hossam Kishawy, PhD, PEng
