Roadside Assistance*

With a network of more than 35,000 independently contracted Roadside Assistance vehicles throughout Canada and the United States, CAA is there for you whenever you need roadside service. Your Corporate Membership covers you, not just your vehicle. If you're the driver or passenger of your own car, a friend's car or a rental, CAA has you covered because your coverage moves with you.

When the eligible vehicle you are driving or riding in as a passenger is unable to proceed under its own power, CAA will make the vehicle operable at the roadside, if possible, or tow it back to a servicing facility. Costs incurred to repair the vehicle are the owner's responsibility.

Whether your vehicle is disabled in your driveway or thousands of kilometres away from home, CAA Roadside Assistance is available 24 hours a day, 7 days a week throughout Canada and the U.S.A.

Requesting service

If you require Roadside Assistance, help is just a phone call away. Corporate Members can call **1-800-CAA-HELP (1-800-222-4357)** throughout Canada and the U.S.A. or ***CAA (*222)** toll free from a cell phone, or request assistance online at **caasco.com/roadside**.

*Corporate roadside benefits become active 24 hours after joining or upgrading.

When calling for service, you will be asked for the following information:

1. Your membership number and expiry date
2. Your name and address
3. The exact location of the disabled vehicle
4. The vehicle's make, model, year, colour and licence plate number
5. The nature of the trouble
6. A phone number where you can be contacted

You must remain at or near the disabled vehicle to receive service (CAA will accommodate you in extenuating circumstances). Please have your membership card ready for presentation to the service provider to obtain service. If the problem is resolved before the service provider arrives, please notify CAA immediately to cancel the request as each service call is noted against your record, whether completed or not.

Roadside services provided:

- Mechanical First Aid
- Towing Service
- Emergency Fuel Delivery
- Flat Tire Service
- Battery Service
- Extrication Service
- Lockout Service
- Bike Assist

Mechanical First Aid

Minor/temporary adjustments or emergency repairs not requiring parts or supplies will be made in an attempt to enable your vehicle to operate safely under its own power. If the vehicle cannot be placed in safe driving condition, the towing provision will apply.

Towing Service

Towing will be provided if attempts to make your vehicle safely operable at the roadside have been unsuccessful. Flatbeds or dollies will be used when required.

You may have the vehicle towed from the point of breakdown back to the responding service facility, or to any point along the same route at no charge, or to any destination in any direction within 200 km from the point of breakdown at no charge. A charge per kilometre will be applied by the service facility to any additional mileage over 200 km.

Note: Corporate Members are entitled to one tow up to 300 km, as part of your four eligible calls. Corporate coverage provides towing services for motorcycles.

^ For safety reasons, tires will not be changed on major highways.

* CAA mobile Battery Service Member benefit is subject to availability by geographic area.

** 6-year warranty includes 3-year free replacement and 3-year prorated guarantee.

Emergency Fuel Delivery

If you run out of gas, a limited supply of regular fuel will be delivered to your vehicle at no cost so you can reach the nearest open service station. We do not deliver propane due to availability and safety. In certain situations, a tow may be provided to take you to a facility where fuel is available. Specific brands and octane ratings cannot be promised.

Flat Tire Service

A flat tire will be replaced with your inflated spare tire^ . If necessary, the towing provision will apply. Service does not include repairs, additional trips to deliver a repaired tire, installation or removal of tire chains, mounting, dismounting or shifting of tires and seasonal tire changeovers.

Battery Service

Battery Service can help you get on your way. If you are experiencing problems with your battery, our mobile Battery Service will deliver, install and recycle your battery at no extra cost, upon purchase of a new battery: Members also save \$15 on CAA Batteries with a 6-year warranty.**

For more information, call us at **1-866-740-6420** or visit **caasco.com/batteryservice**.

Extrication Service

Your vehicle will be extricated when it can be safely reached from a normally travelled or established thoroughfare. Your Corporate Membership covers you for a second vehicle and operator for up to one hour at the scene. If special equipment, additional manpower or vehicles are required, the associated costs may be at your expense.

The service vehicle must have clear and safe access to the disabled vehicle. Service cannot be rendered in plowed-in, snowbound or ice-covered alleys, streets, lanes or driveways. Shoveling, plowing and salting/sanding is your responsibility.

Lockout Service

If your keys are locked in the vehicle, service will be sent to gain entry. If your keys are lost, broken, or we cannot gain entry into your vehicle, CAA provides up to \$100 for locksmith service (where available). In cases where the vehicle cannot be made operable, towing services will be provided. Locksmith service refund is limited to ignition work and/or the making of one ignition key.

Note: The registered owner must be present while their vehicle is being serviced by a locksmith.

* Corporate Members receive one 300 km and three 200 km towing services within the CAA South Central Ontario territory. Bike Assist counts as one of your allotted roadside calls during your membership year. Service will be provided to cyclists where there is permitted vehicle access.

† Available in most areas across South Central Ontario.

Bike Assist

People are making a shift towards a greener lifestyle by using their bicycles more. That's why we have CAA Bike Assist – Roadside Assistance for your bicycle. If you run into a problem that cannot be fixed on the spot, CAA will transport you and your bicycle to wherever you need to go. It's included as part of your membership, 24 hours a day, 7 days a week.

CAA Service Tracker

Now when you place a Roadside Assistance call with CAA, you can view live updates, your call status, estimated wait times and your CAA driver's location.† CAA Service Tracker is available online or through the CAA App. Should you decide to cancel your call, you can also do so with one touch through Service Tracker.

Roadside Assistance guidelines.

Service eligibility

Corporate Members receive up to four Roadside Assistance calls per membership year (one 300 km and three 200 km towing services). If your requirements exceed four calls per year, you will be charged current regional CAA contractor rates for any extra services. Please make arrangements with a repair facility prior to placing your call to ensure your vehicle will be accepted for repairs. We can also assist you in locating an open repair facility.

Vehicle eligibility

CAA provides services to licensed four-wheel motor driven vehicles – passenger, pleasure and motorcycles* with or without sidecars.

Non-CAA contractor services

If you have followed the procedure outlined to obtain Roadside Assistance and service is not available through CAA, you may obtain your own service, pay for it and submit the original invoice to CAA South Central Ontario within 30 days. Reimbursement will be based on the prevailing commercial rate for the region where the vehicle was disabled.

Note: If the CAA service is available but not used, reimbursement will be made at the local CAA contractor rate, subject to approval by CAA. We will reimburse you for any service normally provided under your membership. In instances where the CAA contractor's access is legally restricted (toll roads, limited-access highways), full reimbursement will be provided for towing back to the service facility or to the nearest exit. Reimbursement will be processed after submission of an original and official itemized invoice for services rendered by a qualified and registered auto service or towing facility. Membership enables you to be reimbursed for services obtained at prevailing commercial rates from the facility nearest the breakdown location.

* Motorcycles with or without sidecar are covered under CAA Corporate Membership coverage. However, due to differences in service terms in the U.S., Members should expect to pay for service provided to motorcycles while travelling in the U.S. and may submit their original receipts to CAA for reimbursement.

Emergency repair cheque acceptance

CAA Roadside Assistance contractors will accept your personal cheque of up to \$400 CAD per occurrence for emergency auto repairs when no other means of payment is available. This service is limited to emergency repairs that must be carried out in order to make the vehicle operable. A valid membership card must be presented at the time of payment.

Accident tows

Your CAA Membership covers you for service in the event you are in an accident. CAA will make every effort to accommodate the towing of the vehicle. Under certain circumstances, police may require that the vehicle be removed immediately by an independent towing company. In these situations, the Member may submit a receipt for a refund. As a Member, you must be present for service. An original official receipt and a legible copy of the accident report must be submitted with any requests for a refund along with the name of your insurance company and applicable coverage. To be eligible for reimbursement, a receipt and/or accident report must bear the Member's name.

Roadside Assistance limitations

CAA reserves the right to refuse service, or impose a charge to a Member who has used road service in excess. Corporate Members, including Associate Members under the same membership, may receive up to four Roadside Assistance calls each membership year.

Extreme weather conditions

During extreme weather conditions, CAA responds to calls on a priority basis, providing service first to those Members whose vehicles are blocking roadways or posing a threat to public or personal safety. Under severe conditions, we reserve the right to suspend service to Members whose vehicles are in a place of safety. Your patience and understanding under these circumstances are appreciated.

Liability

Certain types of North American and foreign-made cars (especially those with fiberglass bodies) and vehicles with owner-made modifications are difficult to tow without causing damage. In such cases, or when lockout services are rendered, you may be asked to sign a release assuming responsibility for any damage that may occur.

CAA does not have supervision or control over the operation or management of an official contract facility. In the event of a dispute between the official service contractor for Roadside Assistance and/or charges by the contractor, we may appoint an arbitrator whose ruling shall be final and binding on both parties.

Quality of service

Our top priority is to keep our Members completely satisfied. If you feel service has been less than satisfactory, please contact our Corporate Membership team at **1-800-341-2226** from Monday to Saturday

between 8 a.m. and 8 p.m. and Sunday between 9 a.m. and 6 p.m. In many cases, a simple phone call may solve the problem.

For Roadside Assistance calls, please remember to call **1-800-CAA-HELP (1-800-222-4357)** or ***CAA (*222)** toll free from a cell phone, or request assistance online at **caasco.com/roadside**.

Any damage resulting from the delivery of service by a CAA contracted provider must be reported to the contractor within 24 hours of the incident and prior to any repairs being rendered. Claims for any damage are between you and the service provider. However, CAA will assist in settling damage claim disputes.

CAA Advocacy

Making Our Communities Better

Throughout our history, CAA has advocated on behalf of its Members in an effort to make our communities safer. For more than 110 years, we have worked in partnership with all levels of government and like-minded organizations to address important issues such as distracted driving, school safety, cycling safety, the environment and vehicle emissions, gasoline taxes, road tolls, road and transit infrastructure, and road and vehicle safety standards. In fact, our initiatives helped introduce mandatory seat belt use in Ontario and other safety-related laws. Some of our current initiatives include:

Distracted Driving

Distracted driving is one of the leading causes of collisions on our roads, and has been a priority issue for CAA for over a decade. Through our ongoing advocacy work and awareness campaigns, we have highlighted the issue of distracted driving, and have been involved in the introduction of stronger penalties. CAA educates drivers about the distractions that can lead to a crash, and provides tips to minimize those distractions.

CAA Autogreen

This environmental program provides Members with tools to become more eco-friendly motorists. Our RecycleDrive campaign provides eco-disposal options for batteries, motor oil and tires. We provide information on the impact of driving and maintenance behaviours, along with tips to reduce that impact. Plus, we have been planting trees in communities across our territory since 2008, helping to reduce our carbon footprint.

CAA Worst Roads

This annual program enables motorists to take action on road safety and funding issues by voting for the worst roads in their communities and sharing their thoughts about road conditions with local politicians. This is just one way CAA's Government Relations team aims to ensure the voice of CAA Members is heard by government, while keeping Members informed about the issues that affect them.

CAA School Safety Patrol

This program involves more than 20,000 student patrollers helping their peers safely cross streets and ride school buses. There are more than 80 documented cases of this program saving lives. Each year the patrollers and other program participants contribute more than three million volunteer hours to the program.

General Terms & Conditions

Membership Renewal

You will automatically receive a renewal notice prior to your membership expiry date. For your convenience, you may wish to enroll in our Automatic Credit Card Renewal program and receive a \$15 discount on your next membership renewal. This ensures your coverage never runs out by automatically charging your membership fee(s) to your credit card each year at renewal time. When a membership is not renewed by the expiry date, membership is considered to be lapsed and all services are suspended until payment is received. To find out more, call our Corporate Membership team at **1-800-341-2226** from Monday to Saturday between 8 a.m. and 8 p.m. and Sunday between 9 a.m. and 6 p.m., or visit **caasco.com/renew**.

Money-Back Guarantee

CAA Membership fees are refundable within 30 days after your membership payment has been processed by CAA. The amount of the refund will be based on your household's most recent membership(s) payment to CAA, minus costs associated with CAA services provided up to the date of cancellation. Please note that you may not refund your CAA Membership after 30 days of the annual expiry date on renewed memberships. All requests must be made in writing to: CAA South Central Ontario, Membership Records, 60 Commerce Valley Drive East, Thornhill, ON L3T 7P9, or email **membership@caasco.ca**, or fax to **905-771-4720**, or visit your local **CAA Store**.

* Discount applicable to first year renewals only.

Road Trip Accident Assistance

Expenses incurred by any person other than the CAA Member are not payable. Benefits are also not payable for travel that does not meet the definition of covered travel, and for any loss, injury, illness, delays and/or expenses due to the following:

- Tire trouble
- Intentionally self-inflicted harm, including suicide
- Normal pregnancy or childbirth
- Mental or nervous health disorders
- Alcohol or substance abuse, or related illnesses
- An accident that occurs when the vehicle is being driven by an unlicensed driver or a driver who is not covered by CAA
- Personal property that is damaged or destroyed
- Any liability for injuries or property damage
- Commission or attempted commission of an illegal act
- Cost of repairs to the vehicle
- Cost of fuel expenses
- Air and/or sea travel
- Carrier-caused delays
- Participation in professional athletic events or motor competition (including training)
- Cost of meals, accommodations or substitute transportation (including taxis) resulting from delays caused by routine maintenance or minor repairs to the vehicle
- War (whether declared or undeclared), acts of war, military duty, or hostilities of any kind (invasion, rebellion, riots or insurrections)

Membership Exclusions

- Service to vehicles used in competition at races or drag races
- Service to loaded or altered vehicles where the provision of the service cannot be performed safely and may jeopardize the load or damage the vehicle

- Service to unattended vehicles unless pre-authorized by CAA
- Delivery service – CAA does not provide you with taxi service. However, at your request and with approval for any additional cost, CAA will arrange for you to be transported to or from the disabled vehicle
- Towing service to a salvage yard
- Police ordered service for a legal infraction
- Services and costs associated with legal infractions
- Second or additional trips from one facility to another by service staff on one call
- Service to vehicles driven into an area not normally travelled, such as open fields, beaches, private logging roads, river banks, floodway, muddy, "plowed in" or "snowbound" streets, filled driveways or alleys (service persons will not shovel snow), construction sites or other locations which cannot be reached safely
- Reimbursement of expenses incurred as a result of a mechanical breakdown including alternate transportation and accommodations
- Service to school buses, cube vans, taxis, limousines, dump trucks or transport trucks
- Basic Member service for a motorcycle
- Refund on promotional card for non-CAA service
- Non-member service
- Battery "recharging" (charging is very different from boosting; a boost is a temporary measure and a charge is considered a repair involving labour charges)
- Cost of parts, labour or repair
- Any charges relating to impound and storage fees (these costs are the responsibility of the Member)
- Animal transportation to safety (Members must unload the animals for their safety before we can service a vehicle)
