## General Information

**About this booklet** The information in this employee benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group plan with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

The University and Sun Life Financial reserve the right to amend or change the benefits as contained in this document from time to time upon the giving of written notification. The notification will supplement your group benefits booklet and should be kept in a safe place together with this booklet.

If you have any questions about the information in this employee benefits booklet, or you need additional information about your group benefits, please contact your employer.

The contract holder, University of Ontario Institute of Technology, self-insures all benefits. This means University of Ontario Institute of Technology has the sole legal and financial liability for all benefits and funds the claims. Sun Life provides administrative services only (ASO) such as claims adjudication and claims processing.

**Eligibility** To be eligible for group benefits, you must be a resident of Canada and meet the following conditions:

- you are a full time continuing employee of the Limited Term Faculty Members with Benefits, and are a member of the Faculty Association, who has been regularly employed more than 24 hours per week, as defined by the Universities Policies.
- on your first day as a University employee provided you have completed the enrolment documentation.

There is no waiting period for your group plan.

We consider you to be actively working if you are performing all the usual and customary duties of your job with your employer for the scheduled number of hours for that day. This includes scheduled non-working days and any period of continuous paid vacation of up to 3 months if you were actively working on the last scheduled working day. We do not consider you to be actively at work if you are receiving disability benefits or are participating in a partial disability or rehabilitation program. However, this does not affect your eligibility for Extended Health Care and Dental Care benefits when on approved disability leave.

**Effective Date of Coverage**

Once the enrolment documentation is complete, your benefits begin immediately. Your dependents become eligible for coverage on the date you become enrolled in the benefit plan or the date they first become your dependent, whichever is later. You must apply for coverage for yourself in order for your dependents to be eligible.

**Who qualifies as your dependent**

Your dependent must be your spouse or your child and a resident of Canada or the United States.

Your spouse by marriage or under any other formal union recognized by law, or your partner of the opposite sex or of the same sex who is publicly represented as your spouse, is an eligible dependent. You can only cover one spouse at a time.

Your children and your spouse's children (other than foster children) are eligible dependents if they are not married or in any other formal union recognized by law, and are under age 21.

A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 25 as long as the child is entirely dependent on you for financial support.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and

- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. Your employer can give you more information about this.

**Enrolment**

You have to enrol to receive coverage. To enrol, you must request coverage in writing by supplying the appropriate enrolment information to your employer. For a dependent to receive coverage, you must request dependent coverage.

**When coverage begins**

Your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

Dependent coverage begins on the date your coverage begins or the date you first have an eligible dependent, whichever is later.

However, for a dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

Once you have dependent coverage, any subsequent dependents will be covered automatically.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

**Changes affecting your coverage**

From time to time, there may be circumstances that change your coverage.

For example, your employment status may change, or your employer may change the group plan. Any resulting change in the coverage will take effect on the date of the change in circumstances.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.
- if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

**Updating your records**

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to Human Resources who will then notify Sun Life:

- change of dependents.
- change of name.

**When coverage ends**

As an employee, your coverage will end on the earlier of the following dates:

- the date your employment ends or you retire.
- the date you are no longer actively working.
- the date the benefit provision under which you are covered terminates.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this employee benefits booklet.

However, if you die while covered by this plan, Extended Health Care and Dental care coverage for your dependents will continue until the earlier of the following dates:

- 12 months after the date of your death.
- the date the person would no longer be considered your dependent under this plan if you were still alive.
- the date the benefit provision under which the dependent is covered terminates.

**Making claims**

Sun Life is dedicated to processing your claims promptly and efficiently. To make a claim, complete the claim form that is available from your employer or on our Sun Life Financial Plan Member Services website.

There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.

All claims must be made in writing on forms approved by Sun Life.

For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.

**Legal actions**

Where the applicable legislation of your province or territory permits the use of a different limitation period, every action or proceeding for the recovery of money payable under the plan is absolutely barred unless it is commenced within one year of the date that we must receive your claim forms. Otherwise, every action or proceeding for the recovery of money payable under the plan must be commenced within the time set out in the applicable legislation of your province or territory.

**Coordination of  
benefits**

If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.

The plan that does not contain a coordination of benefits clause is considered to be the first payer and therefore pays benefits before a plan which includes a coordination of benefits clause.

For dental accidents, health plans with dental accident coverage pay benefits before dental plans.

The maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Where both plans contain a coordination of benefits clause, claims must be submitted in the order described below.

***Claims for you and your spouse should be submitted in the following order:***

- the plan where the person is covered as an employee. If the person is an employee under two plans, the following order applies:
  - the plan where the person is covered as an active full-time employee.
  - the plan where the person is covered as an active part-time employee.
  - the plan where the person is covered as a retiree.
- the plan where the person is covered as a dependent.

***Claims for a child should be submitted in the following order:***

- the plan where the child is covered as an employee.
- the plan where the child is covered under a student health or dental plan provided through an educational institution.

- the plan of the parent with the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the plan of the parent whose first name begins with the earlier letter in the alphabet, if the parents have the same birth date.

The above order applies in all situations except when parents are separated/divorced and there is no joint custody of the child, in which case the following order applies:

- the plan of the parent with custody of the child.
- the plan of the spouse of the parent with custody of the child.
- the plan of the parent not having custody of the child.
- the plan of the spouse of the parent not having custody of the child.

When you submit a claim, you have an obligation to disclose to Sun Life all other equivalent coverage that you or your dependents have.

Your employer can help you determine which plan you should claim from first.

**Medical examination** We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or refuse to have this examination, we will not pay any benefit.

**Recovering overpayments** We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.

**Definitions** Here is a list of definitions of some terms that appear in this employee benefits booklet. Other definitions appear in the benefit sections.

*Accident* An accident is a bodily injury that occurs solely as a direct result of a violent, sudden and unexpected action from an outside source.

***Doctor*** A doctor is a physician or surgeon who is licensed to practice medicine where that practice is located.

***Illness*** An illness is a bodily injury, disease, mental infirmity or sickness. Any surgery needed to donate a body part to another person which causes total disability is an illness.

***Retirement date*** If you are totally disabled, your retirement date is your 65th birthday, unless you have actually retired before then.

***We, our and us*** We, our and us mean Sun Life Assurance Company of Canada.

## Extended Health Care (Medicare Supplement)

**Plan administrator** *This benefit is administered by Sun Life Assurance Company of Canada under plan number issued to University of Ontario Institute of Technology.*

**General description of the coverage** The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Extended Health Care benefits.

Extended Health Care coverage pays for eligible services or supplies for you that are medically necessary for the treatment of an illness. However, there are additional eligibility requirements that apply to drugs (see *Prior authorization program* for details).

To qualify for this coverage you must be entitled to benefits under a provincial medicare plan or federal government plan that provides similar benefits.

***Reference to Doctor may also include a nurse practitioner*** – If the applicable provincial legislation permits nurse practitioners to prescribe or order certain supplies or services, Sun Life will reimburse those eligible services or supplies prescribed or ordered by a nurse practitioner the same way as if they were prescribed or ordered by a doctor. For drugs, refer to *Other health professionals allowed to prescribe drugs*.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date the service is received or the supplies are purchased or rented.

The benefit year is from January 1 to December 31.

**Deductible**

The deductible is the portion of claims that you are responsible for paying.

For prescription drugs the deductible is the portion of any dispensing fee over \$8 for each prescription or refill.

For other expenses, there is no deductible.

**Prescription drugs**

Drugs covered under this plan must have a Drug Identification Number (DIN) and be approved under *Drug evaluation*.

We will cover the cost of drugs and supplies listed below that are prescribed by a doctor or dentist and are obtained from a pharmacist, up to the following levels:

- 90% of the cost of drugs and supplies listed in the Ontario drug benefit plan, and
- 80% of the cost of drugs and supplies for all other eligible expenses.

It is important to note that not all drugs that legally require a prescription or have a DIN are covered by the benefits plan. Please call Sun Life or check the website for confirmation.

- drugs that legally require a prescription.
- life-sustaining drugs that may not legally require a prescription.
- injectable drugs and vitamins.
- compounded preparations, provided that the principal active ingredient is an eligible expense and has a DIN.
- diabetic supplies.
- drugs for the treatment of infertility, up to a lifetime maximum of \$2,400 for each person.
- vaccines that legally require a prescription.

- 
- intrauterine devices (IUDs) and diaphragms.
  - colostomy supplies.
  - varicose vein injections.

We will cover the cost of the above drugs and supplies after you pay the deductible.

Payments for any single purchase (acute) are limited to quantities that can reasonably be used in a 34 day period, or, in the case of certain maintenance drugs, in a 100 day period as ordered by a doctor.

We will not pay for the following, even when prescribed:

- infant formulas (milk and milk substitutes), minerals, proteins, vitamins and collagen treatments.
- the cost of giving injections, serums and vaccines.
- treatments for weight loss, including drugs, proteins and food or dietary supplements.
- hair growth stimulants.
- products to help you quit smoking.
- drugs for the treatment of sexual dysfunction.
- drugs that are used for cosmetic purposes.
- natural health products, whether or not they have a Natural Product Number (NPN).
- drugs and treatments, and any services and supplies relating to the administration of the drug and treatment, administered in a hospital, on an in-patient or out-patient basis, or in a government-funded clinic or treatment facility.

***Drug evaluation*** The following drugs will be evaluated and must be approved by us to

be eligible for coverage:

- drugs that receive Health Canada Notice of Compliance for an initial or a new indication on or after November 1, 2017.
- drugs covered under this plan and subject to a significant increase in cost.

Drug expenses are eligible for reimbursement only if incurred on or after the date of our approval.

We will assess the eligibility of the drug based on factors such as:

- comparative analysis of the drug cost and its clinical effectiveness.
- recommendations by health technology assessment organizations and provinces.
- availability of other drugs treating the same or similar conditions(s).
- plan sustainability.

***Drug substitution  
limit***

Charges in excess of the lowest priced equivalent drug are not covered unless specifically approved by Sun Life. To assess the medical necessity of a higher priced drug, Sun Life will require you and your doctor to complete and submit an exception form.

***Prior authorization  
program***

The prior authorization (PA) program applies to a limited number of drugs and, as its name suggests, prior approval is required for coverage under the program. If you submit a claim for a drug included in the PA program and you have not been pre-approved, your claim will be declined.

In order for drugs in the PA program to be covered, you need to provide medical information. Please use our PA form to submit this information. Both you and your doctor need to complete parts of the form.

You will be eligible for coverage for these drugs if the information you

and your doctor provide meets our clinical criteria based on factors such as:

- Health Canada Product Monograph.
- recognized clinical guidelines.
- comparative analysis of the drug cost and its clinical effectiveness.
- recommendations by health technology assessment organizations and provinces.
- your response to preferred drug therapy.

If not, your claim will be declined.

Our prior authorization forms are available from the following sources:

- our website at [www.mysunlife.ca/priorauthorization](http://www.mysunlife.ca/priorauthorization)
- our Customer Care centre by calling toll-free 1-800-361-6212

***Other health professionals allowed to prescribe drugs***

We reimburse certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

**Hospital expenses in your province**

We will cover 100% of the costs for hospital care in the province where you live.

We will cover out-patient services in a hospital, except for any services explicitly excluded under this benefit, and the difference between the cost of a ward and a semi-private hospital room up to a maximum of \$175 per day.

We will also cover the cost of room and board in a convalescent hospital if this care has been ordered by a doctor as long as it is primarily for rehabilitation, and not for custodial care.

The maximum amount payable is \$20 per day up to a maximum of 180

days for treatment of an illness due to the same or related causes.

For purposes of this plan, a *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

**Expenses out of  
your province**

We will cover emergency services while you are outside the province where you live. We will also cover referred services.

For both emergency services and referred services, we will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.
- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

***Emergency services***

We will pay 100% of the cost of covered emergency services.

We will only cover emergency services obtained within 60 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are

discharged.

*Emergency services* mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

*Emergency* means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance (ETA) provider. All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan), must be pre-authorized by Sun Life's ETA provider prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Sun Life's ETA provider cannot be made before services are provided, contact with Sun Life's ETA provider must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

***Emergency services  
excluded from  
coverage***

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.

- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Sun Life's ETA provider, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

***Referred services*** *Referred services* must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. We will pay 80% of the costs of referred services. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and
- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

***Emergency services outside Canada*** Expenses incurred for emergency services outside Canada are subject to a lifetime maximum of \$1,000,000 per person or, if lower, any other applicable lifetime maximum.

**Medical services and equipment** We will cover 80% of the costs for the medical services listed below when ordered by a doctor (the services of a licensed optometrist, ophthalmologist or dentist do not require a doctor's order).

- out-of-hospital private duty nurse services when medically necessary. Services must be for nursing care, and not for custodial care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications cannot perform the duties. There is a limit of \$10,000 per person per benefit year.
- transportation in a licensed ambulance, if medically necessary, that takes you to and from the nearest hospital that is able to provide the necessary medical services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.
- transportation in a licensed air ambulance, if medically necessary, that takes you to the nearest hospital that provides the necessary emergency services. Expenses incurred outside Canada for emergency services will be paid based on the conditions specified above for emergency services under *Expenses out of your province*.
- the following diagnostic services rendered outside of a hospital, except if the covered person's provincial plan prohibits payment of these expenses:
  - laboratory tests.
  - ultrasounds.
- dental services, including braces and splints, to repair damage to natural teeth caused by an accidental blow to the mouth that occurs while you are covered. These services must be received within 12 months of the accident. We will not cover more than the fee stated in the Dental Association Fee Guide for a general practitioner in the province where the employee lives. The guide must be the current guide at the time that treatment is received.
- services of an ophthalmologist or licensed optometrist, up to a

maximum of \$50 per person over 2 benefit years.

- wigs following chemotherapy, up to a maximum of \$300 per person in a benefit year. Wigs do not require a doctor's order.
- medically necessary equipment rented, or purchased at our request, that meets your basic medical needs. If alternate equipment is available, eligible expenses are limited to the cost of the least expensive equipment that meets your basic medical needs. For expenses incurred for a wheelchair, coverage is limited to the use of a manual wheelchair, except if the person's medical condition warrants the use of an electric wheelchair.
- casts, splints, trusses, braces or crutches.
- breast prostheses required as a result of surgery, up to a maximum of \$200 per person in a benefit year.
- surgical brassieres required as a result of surgery, up to a maximum of 2 brassieres per person in a benefit year.
- artificial limbs and eyes.
- stump socks, up to a maximum of 5 pairs per person in a benefit year.
- elastic support stockings, including pressure gradient hose, up to a maximum of 2 pairs per person in a benefit year. You must provide us with a doctor's note confirming the diagnosis.
- custom-made orthotic inserts for shoes, when prescribed by a doctor, podiatrist or chiropodist, up to a maximum of \$350 per person in a benefit year. Orthotic inserts must be fabricated from a 3-dimensional (3-D) image (or cast) of the foot, using 100% raw materials. They must be unique to the patient to accommodate the specific medical condition of the patient's foot. Orthotic inserts created from pre-fabricated off-the-shelf base components and modified are not eligible.
- custom-made orthopaedic shoes or modifications to orthopaedic shoes when prescribed by a doctor, podiatrist or chiropodist, up to

a maximum of \$500 per person in a benefit year. Orthopaedic shoes must be fabricated from a 3-dimensional (3-D) image of the foot and ankle and custom-made for the patient from the sole up using 100% raw materials. Only custom-made orthopaedic shoes and modifications to treat severe foot abnormalities are eligible. Foot conditions which can be treated with properly fitted off-the-shelf shoes are not eligible.

- radiotherapy or coagulotherapy.
- oxygen, plasma and blood transfusions.
- glucometers prescribed by a diabetologist or a specialist in internal medicine, up to a lifetime maximum of \$700 per person.
- Continuous Glucose Monitor (CGM) receivers, transmitters or sensors, for persons diagnosed with Type 1 diabetes, up to a combined maximum of \$4,000 per person per benefit year. You must provide us with a doctor's note confirming the diagnosis.

We will cover 100% of the costs for hearing aids prescribed by an ear, nose and throat specialist, up to a maximum of \$600 per person over a period of 2 benefit years. Repairs are included in this maximum.

**Paramedical services**

We will cover 80% of the costs, up to a maximum of \$700 per person in a benefit year for each paramedical specialist listed below:

- licensed massage therapists.
- licensed speech therapists.
- licensed physiotherapists.
- licensed naturopaths.
- licensed acupuncturists.
- licensed osteopaths or osteopathic practitioners, including a maximum of one x-ray examination each benefit year.
- licensed chiropractors, including a maximum of one x-ray

examination each benefit year.

- licensed podiatrists or chiropodists, including a maximum of one x-ray examination each benefit year.

We will also cover 80% of the costs, up to a combined maximum of \$5,600 per person in a benefit year for all paramedical specialist listed below:

- licensed psychologists, licensed social workers or clinical counsellors who are active members of a provincial association which is approved by Sun Life.
- licensed family or marriage therapists, or family or marriage therapists who are active members of a provincial association approved by Sun Life.
- licensed psychotherapists, or psychotherapists who are active members of a provincial association approved by Sun Life.

**Contact lenses,  
eyeglasses or laser  
eye correction  
surgery**

We will cover the cost of contact lenses, eyeglasses or laser eye correction surgery. Contact lenses or eyeglasses must be prescribed by an ophthalmologist or licensed optometrist and obtained from an ophthalmologist, licensed optometrist or optician. Laser eye correction surgery must be performed by an ophthalmologist.

We will cover 100% of these costs up to a maximum of \$400 in any 12 month period for a person under age 18 or in any 24 month period for any other person.

We will not pay for sunglasses, magnifying glasses, or safety glasses of any kind, unless they are prescription glasses needed for the correction of vision.

**Payments after  
coverage ends**

If you are totally disabled when your coverage ends, benefits will continue for expenses that result from the illness that caused the total disability if the expenses are incurred:

- during the uninterrupted period of total disability,

- within 90 days of the end of coverage, and
- while this provision is in force.

For the purpose of this provision, an employee is totally disabled if prevented by illness from performing any occupation the employee is or may become reasonably qualified for by education, training or experience, and a dependent is totally disabled if prevented by illness from performing the dependent's normal activities.

If the Extended Health Care benefit terminates, coverage for dental services to repair natural teeth damaged by an accidental blow will continue, if the accident occurred while you were covered, and the procedure is performed within 6 months after the date of the accident.

**What is not covered** We will not pay for the costs of:

- services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program, except as described below under *Integration with government programs*.
- services or supplies to the extent that their costs exceed the reasonable and usual rates in the locality where the services or supplies are provided.
- equipment that Sun Life considers ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools, humidifiers, and equipment used to treat seasonal affective disorders).
- any services or supplies that are not usually provided to treat an illness, including experimental treatments.
- services or supplies that are not approved by Health Canada or other government regulatory body for the general public.
- services or supplies that are not generally recognized by the Canadian medical profession as effective, appropriate and required in the treatment of an illness in accordance with Canadian medical standards.

- services or supplies that do not qualify as medical expenses under the Income Tax Act (Canada).
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for the employer who is providing this plan.
- participation in a criminal offence.

**Integration with government programs**

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of:

- whether you have made an application to the government program,
- whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or
- any waiting lists.

**When and how to make a claim**

To make a claim, complete the claim form that is available from your employer or on our Sun Life Financial Plan Member Services website at [www.mysunlife.ca](http://www.mysunlife.ca).

In order for you to receive benefits, we must receive the claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses,  
or
- the end of your Extended Health Care coverage.

## Emergency Travel Assistance

**Plan administrator** *This benefit is administered by Sun Life Assurance Company of Canada under plan number issued to University of Ontario Institute of Technology.*

**General description of the coverage** The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Emergency Travel Assistance benefits.

If you are faced with a medical emergency when travelling outside of the province where you live, Sun Life's Emergency Travel Assistance (ETA) provider can help.

*Emergency* means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. It only covers emergency services that you obtain within 60 days of leaving the province where you live. If hospitalization occurs within this time period, in-patient services are covered until you are discharged.

The Medi-Passport coverage is subject to any maximum applicable to the emergency portion of the Extended Health Care benefit. The emergency services excluded from coverage, and all other conditions, limitations and exclusions applicable to your Extended Health Care coverage also apply to Medi-Passport.

We recommend that you bring your Travel card with you when you travel. It contains telephone numbers and the information needed to confirm your coverage and receive assistance.

**Getting help** **At the time of an emergency, you or someone with you must**

**contact Sun Life's ETA provider. If contact with Sun Life's ETA provider cannot be made before services are provided, contact with Sun Life's ETA provider must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.**

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Sun Life's ETA provider may arrange for:

**On the spot medical assistance**

Sun Life's ETA provider will provide referrals to physicians, pharmacists and medical facilities.

As soon as Sun Life's ETA provider is notified that you have a medical emergency, its staff, or a physician designated by Sun Life's ETA provider, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your condition. If necessary, Sun Life's ETA provider will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Sun Life's ETA provider will provide translation services in any major language that may be needed to communicate with local medical personnel.

Sun Life's ETA provider will transmit an urgent message from you to your home, business or other location. Sun Life's ETA provider will keep messages to be picked up in its offices for up to 15 days.

**Transportation home or to a different medical facility**

Sun Life's ETA provider may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Sun Life's ETA provider will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Sun Life's ETA provider, based on available medical evidence, will make the final decision whether you should be moved, when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

**Meals and accommodations expenses**

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Sun Life's ETA provider will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of \$150 a day for each person for up to 7 days.

Sun Life's ETA provider will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Sun Life's ETA provider, are not yet able to travel. We will pay a maximum of \$150 a day for up to 5 days.

**Travel expenses home if stranded**

Sun Life's ETA provider will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a medical emergency.

If necessary, in the case of such a child, Sun Life's ETA provider will also make arrangements and advance funds for a qualified attendant to accompany them home. The attendant is subject to the approval of you or a member of your family.

We will pay a maximum of the cost of the transportation minus any redeemable portion of the original ticket.

**Travel expenses of family members**

Sun Life's ETA provider will arrange and, if necessary, advance funds for one round-trip economy class ticket for a member of your immediate family to travel from their home to the place where you are hospitalized if you are hospitalized for more than 7 consecutive days, and:

- you are travelling alone, or
- you are travelling only with a child who is under the age of 16 or mentally or physically handicapped.

We will pay a maximum of \$150 a day for the family member's meals and accommodations at a commercial establishment up to a maximum of 7 days.

**Repatriation**

If you die while out of the province where you live, Sun Life's ETA provider will arrange for all necessary government authorizations and for the return of your remains, in a container approved for transportation, to the province where you live. We will pay a maximum of \$5,000 per return.

**Vehicle return**

Sun Life's ETA provider will arrange and, if necessary, advance funds up to \$500 for the return of a private vehicle to the province where you live or a rental vehicle to the nearest appropriate rental agency if death or a medical emergency prevents you from returning the vehicle.

**Lost luggage or documents**

If your luggage or travel documents become lost or stolen while you are travelling outside of the province where you live, Sun Life's ETA provider will attempt to assist you by contacting the appropriate authorities and by providing directions for the replacement of the luggage or documents.

**Coordination of coverage**

You do not have to send claims for doctors' or hospital fees to your provincial medicare plan first. This way you receive your refund faster. Sun Life and Sun Life's ETA provider coordinate the whole process with most provincial plans and all insurers, and send you a payment for the eligible expenses. Sun Life's ETA provider will ask you to sign a form authorizing them to act on your behalf.

If you are covered under this group plan and certain other plans, we

will coordinate payments with the other plans in accordance with guidelines adopted by the Canadian Life and Health Insurance Association.

The plan from which you make the first claim will be responsible for managing and assessing the claim. It has the right to recover from the other plans the expenses that exceed its share.

**Limits on advances** Advances will not be made for requests of less than \$200. Requests in excess of \$200 will be made in full up to a maximum of \$10,000.

The maximum amount advanced will not exceed \$10,000 per person per trip unless this limit will compromise your medical care.

**Reimbursement of expenses** If, after obtaining confirmation from Sun Life's ETA provider that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.

To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Your employer can provide you with the appropriate claim form.

**Your responsibility for advances** You will have to reimburse Sun Life for any of the following amounts advanced by Sun Life's ETA provider:

- any amounts which are or will be reimbursed to you by your provincial medicare plan.
- that portion of any amount which exceeds the maximum amount of your coverage under this plan.
- amounts paid for services or supplies not covered by this plan.
- amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you.

Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.

**Limits on  
Emergency Travel  
Assistance coverage**

There are countries where Sun Life's ETA provider is not currently available for various reasons. For the latest information, please call Sun Life's ETA provider before your departure.

Sun Life's ETA provider reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:

- a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident or an act of God.
- the refusal of authorities in the country to permit Sun Life's ETA provider to fully provide service to the best of its ability during any such occurrence.

**Liability of Sun Life  
or Sun Life's ETA  
provider**

Neither Sun Life nor Sun Life's ETA provider will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

## Dental Care

**Plan administrator** *This benefit is administered by Sun Life Assurance Company of Canada under plan number issued to University of Ontario Institute of Technology.*

**General description of the coverage** The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover reasonable and customary charges. We will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners in the province where the employee lives, regardless of where the treatment is received. Payments will be based on the current guide at the time the treatment is received.

If services are provided by a board qualified specialist in endodontics, prosthodontics, oral surgery, periodontics, paedodontics or orthodontics whose dental practice is limited to that speciality, then the fee guide approved by the provincial Dental Association for that specialist will be used.

When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

*Reasonable and customary charges* mean:

- charges considered necessary for the treatment and maintenance of a person's oral health, according to standard Canadian dental

procedures and practices, and

- charges considered necessary for the treatment and maintenance of a person's oral health, according to standard Canadian dental procedures and practices, and

When deciding what we will pay for a procedure, we will first find out if other or alternate procedures could have been done. These alternate procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed. We will not pay more than the reasonable cost of the least expensive alternate procedure.

For an implant related crown or prosthesis, we will pay the benefit that would have been payable under this plan for a tooth supported crown or a non implant related prosthesis, respectively. We will take into account any limitations that would have applied if there had been no implant. All other expenses related to implants, including surgery charges, are not covered.

If you receive any temporary dental service, it will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the reasonable and customary charge for the final dental service.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure or an orthodontic procedure. For other procedures which take more than one appointment, you incur an expense once the entire procedure is completed.

The benefit year is from January 1 to December 31.

**Deductible**

There is no deductible for this coverage.

**Benefit year maximum**

We will not pay more than \$1,200 per person for each benefit year for all services.

Orthodontic expenses are not included in the benefit year maximum. A separate lifetime maximum applies.

<b>Lifetime maximum</b>	The maximum amount we will pay for all Orthodontic procedures in a person's lifetime is \$1,500. Only children under age 19 are covered for Orthodontic procedures.
<b>Predetermination</b>	We suggest that you send us an estimate, before the work is done, for any major treatment or any procedure that will cost more than \$500. You should send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. Both you and the dentist will have to complete parts of the claim form. We will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.
<b>Preventive dental procedures</b>	Your dental benefits include procedures used to help prevent dental problems. They are procedures that a dentist performs regularly to help maintain good dental health.  We will pay 80% of the eligible expenses for these procedures.
<i>Oral examinations</i>	1 complete examination every 24 months.  1 recall examination every 9 months.  Emergency or specific examinations.
<i>X-rays</i>	1 complete series of x-rays or 1 panorex every 24 months.  1 set of bitewing x-rays every 9 months.  X-rays to diagnose a symptom or examine progress of a particular course of treatment.
<i>Other services</i>	Required consultations with another dentist.  Polishing (cleaning of teeth) and topical fluoride treatment once every 9 months.  Emergency or palliative services.

Diagnostic tests and laboratory examinations.

Removal of impacted teeth and related anaesthesia.

Provision of space maintainers for missing primary teeth.

Pit and fissure sealants.

Oral hygiene instruction once every 9 months.

**Basic dental procedures**

Your dental benefits include the following procedures used to treat basic dental problems.

We will pay 80% of the eligible expenses for these procedures.

*Fillings* Amalgam, composite, acrylic or equivalent.

*Extraction of teeth* Removal of teeth, except removal of impacted teeth (*Preventive dental procedures*).

*Basic restorations* Prefabricated metal restorations and repairs to prefabricated metal restorations, other than in conjunction with the placement of permanent crowns.

*Endodontics* Root canal therapy and root canal fillings, and treatment of disease of the pulp tissue.

*Periodontics* Treatment of disease of the gum and other supporting tissue.

*Oral surgery* Surgery and related anaesthesia, other than the removal of impacted teeth (*Preventive dental procedures*).

**Major dental procedures**

Your dental benefits include the following procedures used to treat major dental problems.

We will pay 50% of the eligible expenses for these procedures.

*Major restorations* Inlays and onlays. Crowns and repairs to crowns, other than prefabricated metal restorations (*Basic dental procedures*).

*Repair* Repair of bridges or dentures.

**Rebase or reline** Rebase or reline of an existing partial or complete denture.

**Prosthodontics** Construction and insertion of bridges or standard dentures, after the person has been covered continuously under this provision for a period of 12 months. Charges for a replacement bridge or replacement standard denture are not considered an eligible expense during the 5 year period following the construction or insertion of a previous bridge or standard denture unless:

- it is needed to replace a bridge or standard denture which has caused temporomandibular joint disturbances and which cannot be economically modified to correct the condition.
- it is needed to replace a transitional denture which was inserted shortly following extraction of teeth and which cannot be economically modified to the final shape required.

**Orthodontic procedures**

Your dental benefits include procedures used to treat misaligned or crooked teeth.

Only children under age 19 are covered for these procedures.

We will pay 50% of the eligible expenses for these procedures.

Coverage includes orthodontic examinations, including orthodontic diagnostic services and fixed or removable appliances such as braces.

The following orthodontic procedures are covered:

- interceptive, interventive or preventive orthodontic services, other than space maintainers (*Preventive dental procedures*).
- comprehensive orthodontic treatment, using a removable or fixed appliance, or combination of both. This includes diagnostic procedures, formal treatment and retention.

**Payments after coverage ends**

If the Dental Care benefit terminates, you will still be covered for procedures to repair natural teeth damaged by an accidental blow if the accident occurred while you were covered, and the procedure is performed within 6 months after the date of the accident.

**What is not covered** We will not pay for services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program unless explicitly listed as covered under this benefit.

We will not pay for services or supplies that are not usually provided to treat a dental problem.

We will not pay for:

- procedures performed primarily to improve appearance.
- the replacement of dental appliances that are lost, misplaced or stolen.
- charges for appointments that you do not keep.
- charges for completing claim forms.
- services or supplies for which no charge would have been made in the absence of this coverage.
- supplies usually intended for sport or home use, for example, mouthguards.
- procedures or supplies used in full mouth reconstructions (capping all of the teeth in the mouth), vertical dimension corrections (changing the way the teeth meet) including attrition (worn down teeth), alteration or restoration of occlusion (building up and restoring the bite), or for the purpose of prosthetic splinting (capping teeth and joining teeth together to provide additional support).
- transplants, and repositioning of the jaw.
- experimental treatments.

We will also not pay for dental work resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.

**When and how to  
make a claim**

- teeth malformed at birth or during development.
- participation in a criminal offence.

To make a claim, complete the claim form that is available from your employer or on our Sun Life Financial Plan Member Services website at [www.mysunlife.ca](http://www.mysunlife.ca). The dentist will have to complete a section of the form.

In order for you to receive benefits, we must receive a claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses,  
or
- the end of your Dental Care coverage.

We can require that you give us the dentist's statement of the treatment received, pre-treatment x-rays and any additional information that we consider necessary.

## Health Spending Account

**Plan administrator** *This benefit is administered by Sun Life Assurance Company of Canada under plan number issued to University of Ontario Institute of Technology.*

**General description of the coverage** The contract holder has the sole legal and financial liability for this benefit. Sun Life only acts as administrator on behalf of the contract holder.

Your Health Spending Account coverage pays for services or supplies described in this section under *Eligible expenses*.

An expense is incurred on the date the services are received or the supplies are purchased or rented. Eligible expenses incurred by a dependent are also covered. Coverage applies only to expenses incurred after the employee becomes covered under the Health Spending Account and before the date the Health Spending Account ends.

A dependent is any person for whom you may claim a medical expense tax credit on your federal tax return in the taxation year. For example, this could include members of your extended family, such as your parents, grandparents or grandchildren.

The benefit year is from January 1 to December 31.

**How your Health Spending Account works** Your Health Spending Account works like an expense account. Your employer will allocate plan credits to your account in the manner described under *Plan credits*.

Each time you submit a Health Spending Account claim, either for yourself or for a dependent, you will be reimbursed for eligible expenses, up to the balance of your account. Expenses incurred in one benefit year cannot be covered by credits received in the following benefit year.

Credits can only be used to provide reimbursement for eligible

expenses. Under the Income Tax Act, the definition of eligible expenses is quite wide. These expenses are shown below. Credits cannot be cashed out and will be lost unless used. You can avoid the loss of credits by using them before the end of the benefit year following the benefit year in which they have been allocated to your account, and before any earlier termination of this benefit or your coverage.

There are a number of reasons why the Health Spending Account is tax-effective for you. Eligible expenses are specifically limited to expenses not covered under another plan or under another benefit of this plan. If you paid for these expenses on your own, you would have to use expensive "after-tax" dollars. On the other hand, your Health Spending Account is sheltered from federal and provincial (except Québec) income tax. In most circumstances, this means that when you use plan credits to pay for expenses, you are using less expensive "pre-tax" dollars. The result is extra savings for you.

**Continuation of coverage for dependents**

The Health Spending Account is set up under the employee's name, and there cannot be any continuation of coverage for dependents after the employee's death. Only expenses incurred before the employee's death can be covered under the employee's Health Spending Account.

**Plan credits**

As allocated by your employer at the beginning of each benefit year.

**Eligible expenses**

Coverage includes the following items provided they qualify as tax deductible medical expenses under the Income Tax Act of Canada **and** are not payable under any other private or government plan. If the list of items qualifying as tax deductible medical expenses under the Income Tax Act of Canada is changed, this plan is automatically updated to reflect the changes.

*Drugs*

- drugs, medications or other preparations or substances prescribed by a licensed medical practitioner or dentist.

*Eyeglasses*

- eyeglasses or other devices for the treatment or correction of a patient's vision defect, as prescribed by a medical practitioner or an optometrist.

- electronic speech synthesizer that enables a mute individual to communicate by use of a portable keyboard.
- electronic or computerized environmental control system designed exclusively for the use of an individual with a severe

and prolonged mobility restriction.

- external breast prosthesis that is required because of a mastectomy.
- extremity pump or elastic support hose designed exclusively to relieve swelling caused by chronic lymphedema.
- hearing aids.
- hospital bed, including attachments to it that may have been included in a prescription.
- ileostomy or colostomy pads.
- inductive coupling osteogenesis stimulator for treating non-union of fractures or aiding in bone fusion.
- infusion pump, including disposable peripherals, used in the treatment of diabetes or a device designed to enable a diabetic to measure his or her blood sugar level.
- insulin.
- iron lung.
- kidney machines.
- laryngeal speaking aids.
- limb braces.
- mechanical device or equipment designed to be used to assist an individual to enter or leave a bathtub or shower, or to get on or off a toilet.
- needle or syringe.
- optical scanner or similar device designed to be used by blind individuals to enable them to read print.
- orthopaedic shoe or boot, or an insert for a shoe or boot, made to

---

order for an individual in accordance with a prescription to overcome a physical disability of the individual.

- oxygen tent or equipment.
- power-operated lifts designed exclusively for use by disabled individuals to allow them access to different levels of a building or assist them to gain access to a vehicle, or to place wheelchairs in or on a vehicle.
- rocking bed for poliomyelitis victims.
- spinal braces.
- teletypewriter or similar device, including a telephone ringing indicator, that enables a deaf or mute individual to receive telephone calls.
- truss for a hernia.
- walkers.
- wheelchairs.
- wig made to order for an individual who has suffered abnormal hair loss owing to disease, medical treatment or accident.

*Other*

- costs of acquisition, care and maintenance (including food and veterinary care) of an animal, specially trained to assist a patient who is blind or profoundly deaf or has a severe and prolonged impairment that markedly restricts the use of arms or legs (the animal must be provided by a person or an organization, one of whose main purposes is such training of animals). In addition, travelling, board, and lodging expenses, while in full-time attendance at a training institution, are allowable.
- costs of medical services and supplies outside of the province of residence.
- diagnostic, laboratory and radiological procedures or services used for maintaining health, preventing disease or assisting in

diagnosis.

- modifications to a home for a person who lacks normal physical development or who is confined to a wheelchair, to enable the person to be functional or mobile.
- reasonable expenses to locate a donor for a bone marrow or organ transplant and, reasonable travelling, board and lodging expenses of the donor and the patient in respect of the transplant.
- transportation by ambulance to or from public or licensed private hospital for the patient.
- transportation expenses paid to an individual who is in the business of providing transportation services to transport the patient and one additional person (if necessary as certified by a medical practitioner) provided:
  - equivalent medical services are not available locally.
  - the route is reasonably direct.
  - the medical treatment sought is reasonable and the distance travelled is at least 40 kilometres.
- reasonable expenses for meals and accommodation for the patient and, if required, the accompanying individual, provided the conditions for transportation expenses are satisfied and the distance travelled is at least 80 kilometres.
- reasonable expenses relating to rehabilitative therapy, including training in lip reading and sign language, incurred to adjust for the patient's hearing or speech loss.

**When coverage ends** Please refer to General Information section.

**Other coverage** If you or your eligible dependents have coverage under another plan, you should submit your claims to the other plan first. Once benefits have been determined under the other plan, you can submit any unpaid portion of the claim for payment from your Health Spending Account.

**When and how to  
make a claim**

To make a claim, complete the claim form that is available from your employer or on our Sun Life Financial Plan Member Services website at [www.mysunlife.ca](http://www.mysunlife.ca).

In order for you to receive benefits, we must receive the claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses,  
or
- the end of your Health Spending Account coverage.
