# learn

Hear it straight from the ones who are already living it. This is the advice retirees now have for those of us still working:

Source: Sun Life's 2016 *Retirement Now* report

## Nothing grows your money like time.

Starting early is the biggest piece of advice retirees have for you, and we agree. Take a look at how a 29-year-old saving \$200 a month starting **now** instead of in **10 years** can get more money for retirement (\$97,219 more to be exact):

This information came from the *Save today for more tomorrow calculator* on [mysunlife.ca](https://mysunlife.ca).

# Your future's bright because your employer set you up with a great plan. Here's why:

 <p><b>Your employer contributes</b></p> <p>It's a big perk of working where you do – where else do you get free money like that?</p>	 <p><b>Add money straight from your pay</b></p> <p>It's easy and means you get instant tax savings.</p>	 <p><b>Tax advantages</b></p> <p>By contributing to the DCPP, you could pay less income tax. Your DCPP money also grows tax-free until you withdraw it.</p>
 <p><b>Exclusive investments*</b></p> <p>You won't find these if you invest on your own at a bank or mutual fund company. More on page 7.</p>	 <p><b>Bring your outside savings to Sun Life</b></p> <p>Here, our costs are competitive and you can invest your money in a diverse group of funds that only we have. This saves you more and lets you see all your money in one place.</p>	 <p><b>You get online tools and videos to make saving easier.*</b></p> <p>Get help with financial topics, choosing your investments, and more.</p>

## At Sun Life, your fees\* are competitive. Just another reason to invest with us.

Thanks to our combined buying power with your employer, you pay investing fees that are generally lower than what an average person would pay at a bank or mutual fund company for similarly managed funds. When you pay lower fees, more of your hard-earned money is invested and growing for you.

This table shows how much more you would save over time with Sun Life versus at a bank—see how much a 1% difference in fees can affect your savings over 30 years?

How long you contribute	Total contributions to your plan account	How much would you save	
		Bank (2% management fee)	Sun Life (1% management fee)
30 years	\$120,000	\$209,667	\$256,513
You would save <b>\$46,846</b> more with us!			

We calculated the figures above assuming you invest \$4,000 each year all at once on January 1 and you earn 5.5% annually before we take off the fund management fee each month.

\* Before you enrol in the plan, you can sign in to [mysunlife.ca](https://mysunlife.ca) using your employer's starter ID **14356** and password **259287** to:

- learn more about your plan's investment options (under **Plan overview** > **View available investments**)
- see the investing fees you'd pay online (under **Plan overview** > **Account fees**)
- use online tools and videos to help you with choosing investments and financial planning (under **Tools**).

This product could be a big part of your retirement income. You and your employer contribute money to an account with us. Since this is retirement money, pension laws say you normally can't take it out until you leave your employer or are ready to retire.

## First, decide how hands-on you'd like to be.

We will support you in different ways depending on your investment approach. Choose one of the approaches available:

- **Help me do it** – We point you toward an easy investment and you make one decision.
- **Let me do it** – You handle all the investing and decisions using our tools.

To help decide what investment approach is best for you, use the following chart as a guide.

### Choose the investment style that most sounds like you:

Help me do it	Let me do it
<ul style="list-style-type: none"><li>• I want an investment based on when I need my money and/or my risk profile.</li><li>• I want to choose my investments, but need help.</li><li>• I am interested in investing, but don't want to spend a lot of time and energy managing my investments.</li><li>• I only want to make one or two investing decisions.</li></ul>	<ul style="list-style-type: none"><li>• I want to personalize my investments based on my risk profile, life stage, individual preferences and other factors.</li><li>• I have time to review the investments available and use tools online before making my choices. I'll speak with a financial advisor if necessary.</li><li>• I can manage my own investments based on my own risk profile/life stage. I'm comfortable adjusting my investments when needed.</li><li>• I want to make all my investment decisions, with help from an advisor if needed.</li></ul>

We encourage you to re-visit your investments from time to time, or as things change.

**Next, complete the steps under the approach that fits you.**

	Help me do it	Let me do it
What is it?	<p><b>Target date funds</b></p> <ul style="list-style-type: none"> <li>• Choose one fund closest to the year you need your money.</li> <li>• When you start, the fund manager takes more risk to grow your money. As you get closer to the target date, they choose less risky investments to protect it.</li> </ul>	Build your own personalized investment mix by choosing several funds based on your investment personality and life stage.
How to choose your funds	<p>Invest in the fund closest to your target retirement date or the year you will need your money.</p> <p>Then a fund manager takes care of the portfolio for you.</p>	<ol style="list-style-type: none"> <li>1. Complete the <b>Asset allocation tool</b>* on <b>mysunlife.ca</b>.</li> <li>2. The tool will bring you to your results page. Review the recommended investment mix and your investment choices. Click on each fund to see detailed information.</li> <li>3. Direct a percentage of your future contributions to funds from each fund type to match your target investment mix, or as you like.</li> </ol>

**\* Know your investment personality**

- To find out your investment personality, sign in to **mysunlife.ca** with your employer's starter ID **14356** and password **259287**, and use our **Asset allocation tool** (under **Tools**).
- Your personality is based on a few different things, like how careful you are with your money and how long you have until you need it.

### 3 Beneficiary designation

Complete this section to designate a beneficiary for your account. In the absence of a beneficiary designation, and if not payable to your spouse as prescribed by law, death benefits will be paid to your estate.

Caution in all provinces except Quebec: Your designation of a beneficiary will not be changed or revoked automatically by any future marriage or divorce. Should you wish to change or revoke your beneficiary in the event of a future marriage or divorce, you have to make a new designation. In Quebec, a divorce granted after December 1, 1982, cancels the beneficiary designation of the married spouse.

In Quebec if you name more than one beneficiary and give them unequal shares of the benefit and one of them dies, the deceased beneficiary's share will default to contingent beneficiary or estate rather than being divided amongst the other beneficiaries.

**Note:** To appoint a trustee for a beneficiary who is a minor, please complete the 'Appointment of trustee for a minor beneficiary' form. In Quebec, any amount payable to a minor beneficiary during his/her minority will be paid to the parent(s) or legal guardian on his/her behalf.

If you have a spouse when you die, the law may stipulate that all or part of the death benefit be paid to your qualifying spouse, unless your spouse waives the death benefit. A beneficiary designation other than your spouse would only apply to those death benefits which are not, according to the law, payable to your surviving spouse. If you wish your spouse to receive all benefits, please ensure you designate your spouse as beneficiary in the space below.

I revoke any previous beneficiary designations and name as beneficiary for benefits due on my death:

Beneficiary's first name	Middle initial	Last name	
Relationship to you*	<input type="checkbox"/> Revocable**	Date of birth (dd-mm-yyyy)	Percentage of benefits %
Beneficiary's first name	Middle initial	Last name

Beneficiary's first name	Middle initial	Last name	
Relationship to you*	<input type="checkbox"/> Revocable**	Date of birth (dd-mm-yyyy)	Percentage of benefits %

\*Following are the values to be used for relationship

Husband (married)	Wife (married)	Spouse	Civil union	Common-law
Fiancé(e)	Friend	Former spouse	Father	Mother
Brother	Sister	Son	Daughter	Nephew
Niece	Aunt	Uncle	Cousin	Grandchild
Grandparent	Step family	Family-in-law	Institution	Other

\*\*Where Quebec law applies, a **married or civil union spouse** beneficiary is **irrevocable** unless you indicate otherwise. To avoid this restriction and make your legal spouse designation revocable, you must check the revocable box above.

If your beneficiary is irrevocable, you may not change your beneficiary designation and may not be able to withdraw/transfer your assets out of the plan unless you provide Sun Life with the irrevocable beneficiary's written consent.

## 4 Contingent beneficiary appointment

Complete this section to appoint a contingent (secondary) beneficiary for your account.

If there is no surviving beneficiary at the time of my death, I declare that the following contingent beneficiary shall receive all benefits due on my death in accordance with any applicable legislation. If there is no surviving contingent beneficiary at the time of my death, the proceeds shall be paid to my estate.

I revoke all previous contingent beneficiary appointments.

Beneficiary's first name	Middle initial	Last name	
Relationship to you* (refer to above values)		Date of birth (dd-mm-yyyy)	Percentage of benefits %
Beneficiary's first name	Middle initial	Last name	
Relationship to you* (refer to above values)		Date of birth (dd-mm-yyyy)	Percentage of benefits %
Beneficiary's first name	Middle initial	Last name

## Tax implications

There are no tax implications when assets are transferred in the registered portion of your retirement savings plan. However, transfer/withdrawal activity in the non-registered portion of your plan may result in a capital gain or loss. A capital gain is the profit that you realize when you sell an investment for more than its average cost. A capital loss is the loss that you realize when you sell an investment for less than its average cost. Capital gains or losses can also be triggered due to sales within the fund by a segregated fund manager, or by the sale of underlying funds.

Capital gains and losses must be reported to you in the year the transfer/withdrawal activity was completed. You can use any capital losses to offset capital gains realized from other sources during the year, offset capital gains that you have reported in the past three years or reduce future capital gains.

If you enrol in non-registered product(s), Canadian tax legislation requires us to collect your tax residence information. We may be required to share this information with the Canada Revenue Agency (CRA), who may also share it with other appropriate tax authorities.
