

## Minor Program Adjustment Template

<b>Faculty:</b> Health Sciences	<b>December 13, 2016</b>
<b>Program:</b> Fitness & Health Promotion (FHP) Bridge	
<b>Undergraduate:</b> X	<b>Graduate:</b> <input type="checkbox"/>

*Minor Program Adjustments include: New required courses, Deletion of required courses, Other changes to degree requirements or program learning outcomes, New academic requirements or changes to existing requirements.*

**Motion: That CPRC approve the changes to the Fitness and Health Promotion (FHP) to Kinesiology Bridge transfer credit block.**

### Proposal Brief

#### Summary of the proposed change

This proposal is to change the credits given in the block transfer for Fitness & Health Promotion (FHP) Bridge students to reflect recent FHP program map changes. BIOL 1020U, CSCI 1800U, SOCI 1000U, and HLSC 1201U have been replaced by HLSC 1810U, HLSC 2825U and two electives.

#### Description of the ways in which the proposed change will enhance the academic opportunities

The changes to the FHP map were made as we found that students needed additional content in these areas to ensure they were prepared to progress to upper year courses, and other courses have been added to the block transfer as college FHP programs have increased content in some areas enabling us to give students credit for these courses (HLSC 2825U Nutrition and Health and HLSC 1810U Health Promotion & Healthy Active Living).

#### Process of consultation with other units if the change(s) involves students, staff, and faculty from other programs or courses

N/A

#### Transition Plan

This change is an update to bring the credit transfers in line with the current program maps.

#### Analysis of the financial and enrolment implications

There are no financial implications.

#### Proposed Implementation Date

September 2017 admissions

#### Calendar Copy and/or Program Maps (highlight revisions to existing curriculum)

*Attachments*

The table below shows the existing credits and the table opposite shows the proposed transfer credits which reflect what the transfer credits should be based on the current FHP programme maps.

Current Transfer Credits	Proposed Transfer Credits
BIOL 1020U Biology II CSCI 1800U Computing Tools for Health Sciences HLSC 1200U A&P I HLSC 1201U A&P II HLSC 3470U Kinesiology I PSYC 1000U Introductory Psychology SOCI 1000U Introductory Sociology HLSC 3480U Principles of Fitness Assessment & Exercise Prescription UNSP 1XXX UNSP 1XXX UNSP 1XXX	HLSC 1200U A&P I HLSC 3470U Kinesiology I PSYC 1000U Introductory Psychology HLSC 3480U Principles of Fitness Assessment & Exercise Prescription UNSP XXXX UNSP XXXX UNSP XXXX <b>HLSC 1810U Health Promotion &amp; Health Active Living</b> <b>HLSC 2825U Nutrition &amp; Health</b> <b>1xxx elective</b> <b>1xxx Elective</b> (BIOL 1020U, CSCI 1800U, HLSC 1201U and SOCI 1000U have been replaced by the highlighted courses)

*There are no additional changes to the current FHP Programme Maps.*
