

GRADUATE STUDIES COMMITTEE

*Report to Academic Council
at its meeting of November 21, 2017*

FOR ACTION

1. Graduate Academic Calendar – Amendment to Examination Policy Regulation

The Graduate Studies Committee recommends:

That Academic Council approve the changes to the Examinations regulation in the Graduate Academic Calendar as proposed in the attached documentation.

Rationale

In 2017, the [Examination and Grading Policy](#) was reviewed by GSC and approved by Academic Council. As a result, this policy should be referred to in the Examinations section of the Graduate Academic Calendar. Furthermore, in a review of the calendar, it was determined that the Deferral of course examinations section should be removed as a result of the new policy. The supplemental examination is outside the scope of the Examination and Grading Policy, and therefore will remain.
