

ACADEMIC COUNCIL REPORT

ACTION REQUESTED:

Recommendation	<input type="checkbox"/>
Decision	<input type="checkbox"/>
Discussion/Direction	<input type="checkbox"/>
Information	<input checked="" type="checkbox"/>

DATE: 22 November 2022

FROM: Undergraduate Studies Committee

SUBJECT: Minor Program Adjustment – Bachelor of IT in Networking and IT Security
Advanced Entry

COMMITTEE MANDATE:

In accordance with Section 1. b) of the Undergraduate Studies Committee (USC) Terms of Reference, USC has the responsibility “to approve minor program adjustments and report them to Academic Council for information.”

BACKGROUND/CONTEXT & RATIONALE:

The Faculty proposed to add INFR 2411U to the program map as a result of feedback from faculty and students. This change aligns the map for all colleges with the map for students entering this program from Durham College, which was revised last academic year. To accommodate this change, Introduction to Project Management, [BUSI 2550U](#), will be removed and a transfer credit will be granted instead for the course.

RESOURCES REQUIRED:

No additional resources required.

TRANSITION PLAN:

Direct Entry students will take INFR 2411U as part of their core courses at Ontario Tech starting in Fall 2023.

CONSULTATION AND APPROVAL:

USC: 18 October 2022

Faculty Council: 20 September 2022

NEXT STEPS:

After presentation to Academic Council, this change will be included in the 2023-2024 Academic Calendar.
