

Statement Issued by Academic Council Executive

Academic Council Executive notes that it expects members of the UOIT academic community to raise and engage in the discussion of matters of academic, educational and research policy in a respectful, responsible, and accountable fashion. It is the view of Academic Council Executive that anonymous communications are not responsible and preclude any opportunity to hold the individual communicating the message accountable for the statements made. Therefore, Academic Council Executive will not accept anonymous communications. Further, Academic Council Executive affirms that issues raised solely by way of anonymous communication will not be included for discussion on Academic Council agendas.
