## How to use your planner

- At the beginning of each week, set aside some time to plan for all your academic tasks and due dates.
- Colour code your planner and calendars.
- Don't forget to take breaks to avoid overloading on information.
- Schedule study time for when you think you can get the most out of your concentration capabilities.
- Use a four-month calendar view to see the whole semester, and all due dates and tests at-a-glance.
- When making your schedule, add in all other commitments and responsibilities outside of your school work.
