Canvas Integrated Apps

Tool	Description
BigBlueButton	BigBlueButton (BBB) is a web conferencing system designed for online learning. **Note**: BBB in Canvas is the free version and has limited capabilities. It is also not supported by the Teaching and Learning Centre.
Canvas McGraw Hill	Provides access to McGraw Hill's interactive resources tied to course content and textbooks. This app auto-logs users into MH-Campus from within course material.
Follett Discover	Follett Discover is a comprehensive set of tools enabling hassle-free access for instructors and students to all course materials. Instructors can use their tool to research, discover and adopt course materials with ease, while students are better prepared for class by having easy access to purchasing and managing their course materials quickly and effectively.
Google Drive	Google Drive is a file storage and synchronization service developed by Google.
Kaltura Capture	Kaltura Capture is an easy-to-use, rich media capture tool that comes built in into Kaltura's products. With just one click, you can capture multi-stream recordings, easily record videos linked with PowerPoint, or capture your screen.
Kaltura Virtual Classroom	Kaltura Virtual Classroom platform provides an easy-to-use experience purposely built for online instruction, standalone or integrated to the LMS.
LockDown Browser	LockDown Browser prevents cheating during proctored online exams.
Pearson MyLab	Pearson offers integration between Canvas and its MyLab and Mastering products. This integration provides the ability for the instructor and students to link from a Canvas course to access their Pearson MyLab and Mastering experience.

Tool	Description
Piazza	Piazza is a new style of discussion/Q&A site with a focus on educational institutions. This integration adds a link to the course navigation for Piazza discussions, and auto-logs the user into the course discussions area.
Turnitin	Turnitin is an originality checking and plagiarism prevention service that checks your writing for citation mistakes or inappropriate copying.
WileyPLUS	The legacy WileyPLUS is an online learning and teaching platform that helps instructors and students achieve educational success through robust practice problems, feedback, educational videos, and curated course content.
YouTube	Search publicly available YouTube videos. A new icon will appear in your rich content editor allowing you to search YouTube and embed videos in your course material.
Kritik (Course Level)	Peer feedback assessment tool used in the Faculty of Education. Students learn to write constructive feedback, which improves collaboration and social interaction. Cost to student use.
zyBooks (Course Level)	Interactive textbook (open to use). No cost to license agreement, but there is a cost to student use ($65.00) per interactive textbook (zyBook).
Mathmatize (Course Level)	Mathmatize is a gamified learning math tool. Students can enter mathematical computation expressions in a gamified environment.
