# Accessing GenAI Literacy Module

Go to Canvas Catalog and find the module

Navigate to the [module listing in Canvas Catalog](#). For the best experience, we suggest using Google Chrome as your browser.

Enroll in the module

Click the blue **Enroll** button. Then, click **Sign in to Enroll** and enter your user details using the **Learn LMS Login** option.

Catalog Login

Learn LMS Login

Current Faculty and Students

Use this option if you can login to Canvas Learn at https://learn.ontariotechu.ca. This will be applicable for most faculty, students and some staff.

LEARN LOGIN

Staff Login

Staff

Use this option if you are an Ontario Tech University employee and are unable to login to Canvas Learn at https://learn.ontariotechu.ca.

STAFF LOGIN

External Login

Non-university Learners

Use this option if you enrolled in a course with a non-university email address.

EXTERNAL LOGIN

Your Learn LMS Login Credentials
Student ID: 10XXXXXXX
Network Password: Your Ontario Tech network password
Can't find or remember your password? Go to https://itsc.ontariotechu.ca/services/accounts-and-passwords.php

Access the course

In your **Dashboard**, find the module name and click on it. You should see the module next to your other academic courses.

Once you have enrolled in the module, you can access it by logging into Canvas as you usually would.
