

The candidate statement for Professor Carolyn McGregor AM is as follows:

"It's an honour to be nominated as a representative on the Board of Governors at Ontario Tech. Commencing at Ontario Tech in 2007, I've taken on many service roles. I have significant experience at the Board level given my current roles as a Director for Compute Ontario, a member of the IEEE Computer society Board of Governors as well as my past role as Vice President, IEEE Engineering in Medicine and Biology society. I look forward to bringing forward the voice of my colleagues in partnership with my own vision as a service on the Board to our university. "
