

Michael Watterworth - Candidate Statement

Drawing from my dedicated service on the Academic Council, Graduate Studies Committee, and Board of Governors, I've fostered a deep-seated passion for university governance. As a nominee for Student Governor, I'm prepared to translate this into tangible results. I believe that my academic journey, spanning from undergraduate to master's to doctoral studies, coupled with my roles as a teaching assistant and sessional lecturer at our institution, has endowed me with a holistic insight into our community's intricacies and aspirations. I'm eager to leverage this multifaceted perspective to advocate for a balanced and inclusive approach to university governance.
