

Course Design Project Safety Protocols Acknowledgement Form

I (Name of Student) _____
acknowledge that I have read and understood all the health and safety policies, procedures, protocols, and responsibilities for students as outlined in the Faculty of Engineering and Applied Science (FEAS) Safety Manual and the Engineering Laboratory Policies and Safety Protocols Reference Manual.

I acknowledge that I must comply with all health and safety procedures established by the Faculty. This includes, but is not limited to, the safe handling of equipment, appropriate use of personal protective equipment, and adherence to safety guidelines specific to laboratory, workshop, or field environments both on and off University premises.

For my course project activities, particularly those involving physical prototyping and testing both on and off campus, all risks will be systematically assessed. If I have any uncertainties regarding safety, I will consult with FEAS Technical Services or my course instructor. I understand that failure to comply with these practices may lead to suspension or other disciplinary actions as determined by the University.
