

**You've figured out four...
now just a few more!**

The Challenge:

“Engineers need to be able to spot the small things, put your attention to detail skills to the test and find spot the 10 differences between these two photos”

Clue #5

“There’s more to your undergraduate experience than just grades, these student run groups offer experiences that you'll remember for decades . There’s no limit to what this club can do!”
