**Program Progression Requirements:** A student must achieve a minimum grade of C in all professional nursing courses (NURS) in order to pass the course. Students who earn a grade lower than a C in any of the courses designated NURS will be put on program probation, regardless of their overall GPA. A second grade of less than C in any repeated NURS designated course will result in an academic standing of Program Dismissal. In addition, a second grade of less than C in any repeated or subsequent theory and practicum course (NURS 1700U, NURS 2701U, NURS 2703U, NURS 3700U, NURS 3702U, NURS 4600U, NURS 4700U, NURS 4701U) will result in program dismissal. Also, a total of three failures in any combination of required HLSC or NURS courses will result in an academic standing of Program Dismissal. In addition, a student who has two withdrawals from a single NURS course and/or a total of three withdrawals from a combination of required HLSC or NURS courses will be program dismissed. This is effective for all students from policy approval. Students who have failed a third attempt of any required program course will be dismissed from the program as per the university's repeat policy. Students who are dismissed from the program, but have maintained the academic standing to remain at the university, may apply for a change of program.
